C. PROGRESS OF SECTION 1332 WAIVER - General	
<p>12. Provide an update on progress made in implementing and/or operating the approved 1332 waiver. During the 2020 program year, the Oregon Reinsurance Program (ORP) was informed individual health insurer Healthnet will cease to offer individual policies for the 2021 program year. According to DFR administrators, Healthnet's impact was minimal with just over 200 lives enrolled on the individual marketplace. Healthnet officials decided the total number lives enrolled within the program was not able to sustain the base Silver plan offering. Healthnet no longer offers plans on Oregon's Health Insurance Marketplace.</p> <p>Next, six eligible healthcare companies with ACA plans have submitted rate change requests with a weighted average increase of 1.8 percent. Additionally, about 179,000 Oregonians were covered by individual policies as of the end of 2020 and another 10,000 have bought policies during the special enrollment period. Currently, there are approximately 171,100 lives both on and off the market as of March 31, 2021. Rates have remained stable with an overall saving of eight percent over non-ACA plans.</p>	
<p>13. Describe any implementation and/or operational challenges, including plans for and results of associated corrective actions. After the first quarter, only report on changes and/or updates, as appropriate.</p> <p>The American Rescue Plan Act(ARPA) of 2021 is still being analyzed by Division administrators. Once analysis has been completed, DFR will implement state policy and rules for the Oregon Reinsurance Program.</p>
