 ) Case No. INS 08-09-024

**STIPULATION**

The Director of the Oregon Department of Consumer and Business Services (director) commenced this administrative proceeding, pursuant to Oregon Revised Statutes (ORS) 731.256, to take enforcement action against Western General Insurance Company (Western General).

Western General desires to conclude this proceeding without a hearing by entering into this stipulation pursuant to ORS 183.415(5).

Western General waives all rights relative to an administrative hearing and judicial review thereof.

Western General stipulates to the following facts, conclusions, action, and to the issuance of a final order incorporating this stipulation.

**Facts and Conclusions**

Licensing Information

Western General has been licensed in Oregon as a foreign insurer since 5/15/96. Western General's last recorded principal business address is located in Calabasas, California.

Filed OIGA Recoupment Assessment Certification Late

Western General is subject to enforcement action pursuant to Oregon Administrative Rules (OAR) 836-031-0855(8) because of the following circumstances. ORS 734.550 requires all insurers who are licensed in Oregon as insurers and authorized to transact generally property and casualty insurance to be members of the Oregon Insurance Guaranty Association (OIGA). ORS 734.570(3) requires OIGA to assess its member insurers an amount necessary to pay OIGA's expenses. If OIGA assesses its member insurers, then ORS 734.579(1) requires a

member insurer to recoup the assessment from its insureds, unless OAR 836-031-0855 permits the insurer to do otherwise. If a member insurer recoups the assessment from its insureds, then ORS 734.579(2) requires the insurer to annually certify to the director certain information about its recoupment assessment. OAR 836-031-0855(8) requires a member insurer to file a certification on a form specified by the director by June 1 of each year following the completion of a 12-month recoupment assessment period referred to in OAR 836-031-0855(6). Pursuant to ORS 174.125, if the normal due date falls on a date that the director is not open for business, then the actual due date is the next date that the director is open for business. In 2008, June 1 was on a Sunday so certifications for 2007 were due on 6/2/08. At all relevant times, Western General was a member insurer of OIGA, was assessed by OIGA, recouped the assessment from its insureds, completed a recoupment assessment period, and filed its certification. However, Western General filed its certification for 2007 on 6/27/08, 25 days late.
