**RULE SUMMARY**

In 2016, the Director reorganized the department by combining two divisions, the Oregon Insurance Division and the Division of Finance and Corporate Securities, into one Division of Financial Regulation. This rule establishes the basis to maintain continuity between the actions the divisions have taken before and after the merger of the Oregon Insurance Division and the Division of Finance and Corporate Securities in particular regarding existing rules and orders. The proposed rules only provide greater clarity to readers of the administrative rules promulgated by the Department of Consumer and Business Services, through the administrative divisions the Director may reorganize from time to time under the director's organic statutes. These rules do not impose any new substantive provisions on regulated entities, nor does the proposed rulemaking activity apply rules from one division to another division in a manner that was not already occurring.

The agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.
