STANDARDS FOR MONOLINE & PACKAGE PROPERTY FORMS, RATES, & RULES FILING

This checklist (product standards) has been provided as an aid to assist you in preparing your filing. This checklist includes relevant statutes, rules, bulletins, and other documented positions and is required by OAR 836-010-0011(2) & (3). **The standards are summaries and review of the entire statute or rule will be necessary.**

Please review each item, and mark “Yes”, “Confirm”, or the “N/A” box. “Not applicable” can only be used if the item does not apply to the coverage being filed. In some cases, to assist with our review, you may need to indicate the Page and Paragraph where the complying verbiage may be found. Compliance with these provisions must be certified by both the filer and an officer of the company signing the Certificate of Compliance form. Any line left blank may result in the delay or disapproval of the filing. **Combination policies (e.g.: Homeowners, Farm owners, and Businessowners) require compliance with both the property 440-3618 and the liability 440-3610 product standards. Complete and attach the appropriate checklist(s) in SERFF.**

IMPORTANT NOTE: Home Protection Insurance guidance has been moved to this checklist. Product standards checklist 440-3619 is obsolete.
