

## How to file Annual Required Reports

New reports are now available on SERFF for Health.

Need to check and make sure your company name is loaded into the system. Make sure your Name has been added as a filer. This is located under the Settings tab and Contact Information. Then save.

Then set message settings to make sure you are notified of objections, approvals, or disapproved or anything else you need to know for the role you have assigned.

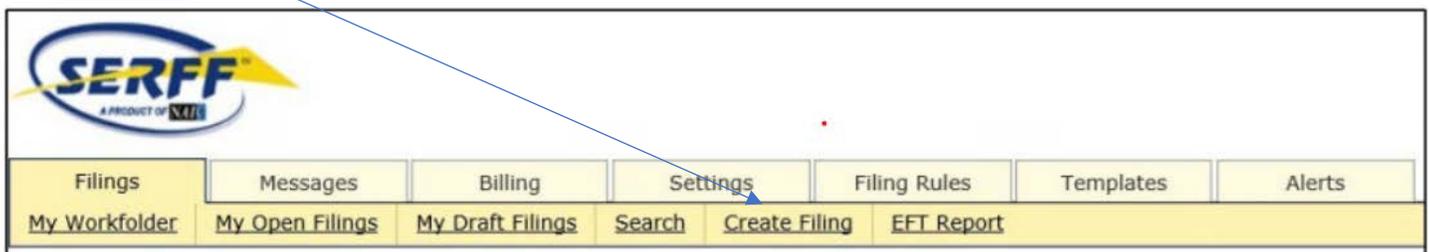

You can click on this little guy in the right hand corner for help.

Second box down on left should help you with submitting that file
