Honorable Andrew Stolfi, Director  
Department of Consumer and Business Services  
Division of Financial Regulation  
State of Oregon  
350 Winter Street NE  
Salem, Oregon 97301-3883

Dear Director:

In accordance with your instructions and guidelines in the National Association of Insurance Commissioners (NAIC) Examiners Handbook, pursuant to ORS 731.300 and 731.302, respectively, we have examined the business affairs and financial condition of

**CALIFORNIA CASUALTY INSURANCE COMPANY**  
**10260 SW Greenburg Road, Suite 448**  
**Portland, Oregon 97223**

**NAIC Company Code 20125**

hereinafter referred to as the "Company." The following report is respectfully submitted.

## **SCOPE OF EXAMINATION**

We have performed our regular, quadrennial, multi-state, examination of California Casualty Insurance Company, coordinated with the examination of insurers within the California Casualty Group. California was designated as the lead state. The examination was conducted in conjunction with the examination of five affiliated property and casualty insurers. A separate report of examination will be prepared for each entity. The last examination of this property and casualty insurer was completed as of December 31, 2017. This examination covers the period of January 1, 2018 to December 31, 2021.

We conducted our examination pursuant to ORS 731.300 and in accordance with ORS 731.302(1), which allows the examiners to consider the guidelines and procedures in the NAIC *Financial Condition Examiners Handbook*. The handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer's surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management's compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company's financial statements.

This examination report includes significant findings of fact, as mentioned in ORS 731.302, and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report, but separately communicated to other regulators and the Company.

### **COMPANY HISTORY**

California Casualty Group (CCG) was formed in 1914 by Carl G. Brown, Sr., as a customer-owned insurance company under the name of California Casualty Indemnity Exchange, which originally wrote workers' compensation risks in California. In 1917, the Company began offering automobile insurance, with homeowner's coverage starting in 1954. Effective October 1, 1997, CCG exited the workers' compensation line, placing all existing business in run-off.

In 1951, CCG pioneered what is currently an industry trend by seeking endorsement of its affinity insurance programs with the California Teachers Association (CTA) to provide auto and home insurance to its members. It still serves CTA and its members and has expanded nationally with over 100 other endorsements from groups including the National Education Association (NEA), police forces, state troopers, firefighter associations, universities and medical centers.

CCG formed the Company in 1967 as the California Casualty Insurance Company; a California domiciled stock insurance company. The Oregon Insurance Commissioner approved the Company's re-domestication from California to Oregon effective May 1, 2012.

### **Capitalization**

The Company is authorized to issue 30,000 shares of common stock with a par value of \$100 per share. Upon re-domestication to Oregon, the Company issued 26,000 shares of common stock to California Casualty Indemnity Exchange (CCIE). These shares replaced the cancelled capital stock of the Company, which CCIE owned at the time. The Company reported gross paid in and contributed surplus of \$31,231,166, an increase of \$24,477,348 from the prior report of examination.

### **Dividends and Other Distributions**

During the period under examination, the Company neither declared nor paid any dividends to its parent, however, in 2020, the Company made the following capital contributions:

\*California Casualty & Fire Insurance Company in the amount of \$ 5,979,413

\*California Casualty General Insurance Company in the amount of \$ 7,459,219

On November 9, 2020, the Division of Financial Regulation did not object to the capital contributions.

## **CORPORATE RECORDS**

### **Board Minutes**

In general, the review of the Board meeting minutes indicated the minutes support the transactions of the Company and clearly describe the actions taken by its directors. A quorum, as defined by the Company's Bylaws, was met at all of the meetings held during the period under review.

The Company's Bylaws authorize committees, but no committees were formed during the period under examination. Instead, the Advisory Board of the upstream parent, California Casualty Indemnity Exchange (CCIE), created and delegated responsibilities to four separate committees: 1) an Audit and Financial Review Committee; 2) a Nominating/Compensation/Governance Committee; 3) and an Investment Policy Review Committee. On December 2, 2009, the Board formally adopted a resolution to designate the Audit and Financial Review Committee of CCIE to serve as the Company's Audit Committee, to comply with provisions of the NAIC Annual Financial Reporting Model Regulation.

### **Articles of Incorporation**

The Articles of Incorporation were filed with the Oregon Division of Financial Regulation on April 26, 2012, with an effective date of May 1, 2012. The Articles of Incorporation conformed to the Oregon Insurance code.

The Bylaws were amended and restated effective June 6, 2012, to conform to Oregon Statutes after the Company re-domesticated from California to Oregon.

The Company is part of an insurance company holding system in which Thomas R. Brown is the ultimate controlling person. The organization is divided into the Management Group represented by California Casualty Management Company (CCMC) and the California Casualty Group represented by the five insurance companies. CCMC is the attorney-in-fact for CCIE, also called the Exchange. CCIE is not incorporated, but it does own a portion of CCMC and collects dividends from its investment. It owns, directly or indirectly 100% of the insurance companies shown in the following chart:

A brief description of the entities listed in the above chart is as follows:

California Casualty Management Company (CCMC) is a California corporation formed to be the attorney-in-fact of California Casualty Insurance Exchange. It manages all business of the insurers under a management agreement described below.

California Casualty Insurance Exchange (CCIE) is a California domiciled inter-insurance exchange, also known as a reciprocal. CCIE, as an exchange, is a special form of insurance organization that is not a corporation but is ultimately owned by its subscribers, all of whom are policyholders. Policyholders who buy insurance must first join to become subscribers. To join, each subscriber to CCIE approves a written Underwriters Agreement that appoints CCMC to perform all business functions on the subscriber's behalf. Under California law, an exchange is considered the insurer, while each subscriber is an insured. CCIE owns 20.1% of CCMC Series

A (Voting) Shares. Additionally, CCIE owns 100% of the Company and another affiliated insurance subsidiary:

California Casualty Compensation Insurance Company (CCCIC) is a California domiciled property and casualty insurer. It currently holds the remaining workers' compensation risks, as well as any non-personal lines risks, within the CCG. These lines have been in run-off since 1997.

The Company also owns 100% of the capital stock of two insurance subsidiaries:

Casualty General Insurance Company of Oregon (CCGIC) is an Oregon domiciled property and casualty insurer.

California Casualty & Fire Insurance Company (CCFIC) is a California domiciled property and casualty insurer.

Under the terms of the Agreement, CCMC is paid a management fee of up to 125% of expenses incurred on behalf of the affiliates. All expenses incurred by CCMC related to management of their affiliates shall be paid

by CCMC and reimbursed through the management fee with the exception of the following, which shall be paid directly by the affiliate, or if paid by CCMC, reimbursed separately from the management fee: losses, allocated loss adjustment expenses, boards and bureaus, governmental charges, premium taxes, federal income and all other taxes, reinsurance premiums and commissions, examination fees, directors' expenses, outside legal and accounting fees, and specific expenses authorized by the Board of Directors.

### Note 1 – Invested Assets

At year-end 2021, the Company’s long-term bond investments were diversified in US Treasury obligations, US special revenue & special assessment obligations, and corporate issuer obligations. The Company did have a significant exposure to mortgaged-backed and asset-backed securities. All MBS/ABS issues were investment rated at year-end 2021, and the carrying book value of \$10.8 million comprised 24% of the total long-term bond portfolio, or 14% of all invested assets.

Common stocks represented the Company’s equity in its two wholly owned subsidiaries, California Casualty & Fire Insurance Company and California Casualty General Insurance Company of Oregon.

Short-term deposits consisted of one Blackrock Provident Institutional FDS Treasury fund included in Schedule E – Part 2 as a cash equivalent.

Effective March 14, 2005, last amended and restated on November 9, 2018, the Company entered into a custodial agreement with BNY Mellon. The agreement contained all of the relevant protections described in OAR 836-027-0200(4)(a) through (1).

## Note 2 – Actuarial Reserves

As noted earlier in this report, the Company participates in an intercompany reinsurance pooling arrangement whereby 100% of the direct premiums, direct paid losses, and direct expenses are ceded to the Pool and 8% of the nationwide pool is retroceded back to the Company. As a result, all loss reserves, LAE reserves, premiums, unearned premium reserves, and any other amount to be actuarially determined were booked at the end of each reporting period in an amount equal to 8% of the pooled amounts.

Giovanni Muzzarelli, FCAS, CERA, MAAA, Senior Casualty Actuary with the California Department of Insurance reviewed California Casualty Group's losses and loss adjustment expense reserves as of December 31, 2021. During his review, he examined the Statement of Actuarial Opinion and supporting statements for the California Casualty Insurance Companies as of December 31, 2021, prepared by F. Judy Jao, FCAS, MAAA, Vice President and Actuary for CCMC.

Mr. Muzzarelli reviewed the reconciliation of the data used in the Actuarial Report to the data in Schedule P and found them to be consistent. He did not review the underlying data used to create the annual statement filing, but relied upon the work performed by the examiners.

The actuary further reviewed the Statements of Actuarial Opinion and supporting Actuarial Report including supporting work-papers prepared by Ms. Jao. Other supporting documentation reviewed included the YE 2021 Annual Statements and answers to the Actuarial Questionnaire. He accepted the data from these sources as valid. In general, he found that the assumptions and methodologies used by Ms. Jao were reasonable and appropriate. Furthermore, the loss and LAE reserve computations were performed correctly and the selected estimates were reasonable.

Ms. Jao, the appointed actuary, opined that the reserves for loss and LAE carried by the Company as of December 31, 2021, were reasonable. Mr. Muzzarelli concurred that the loss and LAE reserves were reasonably stated as of December 31, 2021 as follows:

	<u>Actuarial Estimate</u>	<u>Annual Statement</u>
Losses	\$ 12,024,868	\$ 12,024,868
Reinsurance Payable on Paid		
Losses and LAE	2,065,243	2,065,243
Loss Adjustment Expenses	<u>2,181,523</u>	<u>2,181,523</u>
Total Actuarial Liabilities	\$ 16,271,634	\$ 16,271,634
