SALUTATION

April 30, 2021

Honorable Andrew Stolfi, Director
Department of Consumer and Business Services
State of Oregon
350 Winter Street NE
Salem, Oregon 97301-3883

Dear Director:

In accordance with your instructions and guidelines in the National Association of Insurance Commissioners (NAIC) Examiners Handbook, pursuant to ORS 731.300 and 731.302, respectively, we have examined the business affairs and financial condition of

UNITEDHEALTHCARE OF OREGON, INC.

Five Centerpointe Drive, Suite 600

Lake Oswego, Oregon 97035

NAIC Company Code 95893

hereinafter referred to as the "Plan." The following report is respectfully submitted.

SCOPE OF EXAMINATION

We have performed our regular, single state, full-scope examination of UnitedHealthcare of Oregon, Inc. The examination was coordinated with the States of Indiana, New Mexico, Colorado, Arizona, Oklahoma, Washington, Florida, Alabama, North Carolina, Montana, Wisconsin, Illinois, and Texas, for the multi-state examination of insurers under UnitedHealth Group. There are approximately 82 insurers in the UnitedHealth Group. The Connecticut Department of Insurance was designated as the lead state and performed the critical common functional reviews in which most entities could place reliance (IT assessment, Board/Audit review, corporate governance interviews, treasury function controls, financial reporting controls, SOX/MAR/Internal Audit, etc.). The State of Missouri was designated as the facilitating state of a sub-group that included this Oregon domestic. The last examination of this health care service contractor was completed as of December 31, 2014. The current examination covers the period of January 1, 2015, to December 31, 2019.

We conducted our examination pursuant to ORS 731.300 and in accordance with ORS 731.302(1) which allows the examiners to consider the guidelines and procedures in the NAIC *Financial Condition Examiners Handbook*. The handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Plan and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer's surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Plan were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and

evaluating management's compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Plan's financial statements.

This examination report includes significant findings of fact, as mentioned in ORS 731.302 and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report, but separately communicated to other regulators and the Plan.

COMPANY HISTORY

The Plan is the successor of PacifiCare of Oregon, a non-profit health maintenance organization incorporated under the laws of the State of Oregon on June 1, 1984. The current entity was incorporated on August 28, 1985, as a for-profit stock corporation under the name PacifiCare of Oregon II. This entity received its Certificate of Authority on January 30, 1987, to transact the business of accepting prepayment of health care services under the provisions of ORS Chapter 750. Effective February 4, 1987, the entity purchased the assets of PacifiCare of Oregon, dissolving the nonprofit company and commencing business under the name PacifiCare of Oregon, Inc.

Effective December 20, 2005, the Plan was acquired as part of the acquisition of PacifiCare Health Systems, Inc., by UnitedHealth Group, Inc. The Plan's current name was adopted December 15, 2010, to be effective as of May 1, 2011.

Capitalization

The Plan's Articles of Incorporation authorize the issuance of 1,000,000 shares of common stock, with a par value of \$1.00 per share. Of these shares, 500,000 shares were issued to PacifiCare Health Plan Administrators, Inc. Effective July, 2012, this entity and PacifiCare, LLC, were merged with and into United HealthCare Services, Inc., now the direct parent.

During the period under examination, the Plan's parent made capital infusions, as follows:

<u>Date</u>	<u>Form of Contribution</u>	<u>Amount</u>
Prior Exam	Cash	\$ 11,500,000
12/29/2015	Cash	32,000,000
12/31/2015	Cash	10,000,000
06/29/2016	Cash	10,000,000
12/29/2016	Cash	5,000,000
03/30/2017	Cash	10,000,000

Total		<u>\$ 88,500,000</u>

At December 31, 2019, the Plan reported gross paid in and contributed surplus of \$88,500,000.

<u>Declared Date</u>	<u>Paid Date</u>	<u>Amount</u>	<u>Description</u>
9/3/2019	9/5/2019	\$ 43,500,000	Ordinary

The Plan made the proper disclosure of the distributions to the director of the Division of Financial Regulation in accordance with the reporting requirements established by ORS 732.554 and 732.576.

CORPORATE RECORDS

Board Minutes

In general, the review of the Board meeting minutes of the Plan indicated the minutes support the transactions of the Plan and clearly describe the actions taken by its directors. A quorum, as defined by the Plan's Bylaws, met at all of the meetings held during the period under review.

The Bylaws authorize the Plan to form one or more committees; however, no committees have been formed. Instead, the Plan relies on appointed committees of the ultimate parent, UnitedHealth Group, Inc. (UHG). There are four committees authorized to assist in the management of UHG, as follows:

- Audit Committee
- Nominating and Corporate Governance Committee
- Compensation and Human Resources Committee
- Public Policy Strategies and Responsibility Committee

A review of the Board minutes indicated the Compensation and Human Resources Committee of UHG approved the compensation of all its senior officers, which included the officers of the Plan. This process complies with the provisions of ORS 732.320(3).

Articles of Incorporation

The Plan last restated its Articles on February 2, 2011. No changes were made during the period under examination. The Articles of Incorporation conform to the Oregon Insurance Code.

Bylaws

The Bylaws were last amended and restated on May 1, 2011. No changes were made during the period under examination. The Plan's Bylaws conform to Oregon statutes.

MANAGEMENT AND CONTROL

Board of Directors

The Bylaws, in Article 3, Section 1, state the business and affairs of the corporation shall be managed under the direction of the Board. Article 3, Section 2 state the number of directors shall be three (3). As of December 31, 2019, the Plan was governed by a three-member Board of Directors as follows:

I recommend the Plan to either replace one of the Board members with a public representation or add two additional public members to the Board to comply with ORS 750.015.

A combined claims and expense to premium ratio in excess of 100% typically indicates an underwriting loss. The Plan reported underwriting gains in each of the past five years.

REINSURANCE

The Plan's management concluded it does not need the protection or expense of reinsurance coverage because the upstream parent has developed sophisticated forecasting and capital planning disciplines which give it the ability to accurately forecast statutory net worth quarterly against RBC levels and other solvency requirements. Furthermore, the Plan's greater

predictability based on its experience and control, in conjunction with the liquidity of its investment portfolio, makes it possible to cover its own risks without conventional reinsurance. UHG regularly performs a thorough review of the reinsurance programs, catastrophic claims experience, and capital planning process of its subsidiaries and has determined that the Plan does not need reinsurance, asserting there are no additional risks to the Plan's clients or providers.

ACCOUNTS AND RECORDS

In general, the Plan's records and source documentation supported the amounts presented in the Plan's December 31, 2019, annual statement and were maintained in a manner by which the financial condition was readily verifiable pursuant to the provisions of ORS 733.170.

STATUTORY DEPOSIT

The Plan maintained a surety bond in the amount of \$250,000 on deposit at the Division of Financial Regulation, which meets the requirements of ORS 750.045(2). Bond #6120713 was placed on September 5, 2001, to be effective October 15, 2001, through Safeco Insurance Company of America and is still in place as of the date of examination.

The Plan is also licensed in the State of Washington. The Office of the Insurance Commissioner requires the Plan to maintain a minimum regulatory deposit of \$150,000. The Plan holds a surety bond for \$150,000 to satisfy this requirement.

COMPLIANCE WITH PRIOR EXAMINATION RECOMMENDATIONS

There were no adjustments made to surplus and no recommendations were made in the 2014 report of examination.

SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan filed a Form D – Asset Transfer Agreement between the Plan and UHIC, which was approved on April 18, 2019, by the Division. The transaction was an intercompany asset transfer of a Medicare Advantage Plan/Prescription Drug Business (MAPD-Plan) Contract from UHIC to the Plan by means of a novation of UHIC’s CMS contract number H1286 to the Plan to be effective January 1, 2020. H1286 is a single county CMS contract in the state of Washington.

On June 2, 2020, the Plan paid an ordinary dividend to its parent in the amount of \$59,000,000. Also, on September 10, 2020, the Plan paid another ordinary dividend totaling \$43,500,000. The transactions were made with proper disclosure to the director of DFR in accordance with ORS 732.554 and 732.576.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) pandemic. The extent of the impact of COVID-19 on the Company’s operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, regulatory decisions, and the impact on the financial markets, all of which are uncertain and cannot be predicted. Due to the timing of the examination and field work, the effects of the pandemic on the Company cannot be fully addressed within this examination report.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Invested Assets

At year-end 2019, the Plan’s long-term bond investments were in a diversified portfolio of U.S. government and agency securities, state and agency municipal securities, city and county municipal securities, and corporate debt securities. The Plan did not report any loan-backed securities. The entire portfolio of long and short-term bonds was rated as exempt or Class 1 or 2 by the Security Valuation Office of the NAIC.

A comparison of the major investments over the past five years shows the following:

<u>Year</u>	<u>A</u> <u>Bonds</u>	<u>B</u> <u>Cash and</u> <u>Short-term</u>	<u>Ratio</u> <u>A/</u> <u>Total Assets</u>	<u>Ratio</u> <u>B/</u> <u>Total Assets</u>
2015	\$ 49,283,679	\$ 59,562,765	38.8%	46.9%
2016	173,399,228	20,475,033	66.7%	7.9%
2017	245,170,070	47,775,349	66.0%	12.9%
2018	299,503,892	(159,211)	74.5%	0.0%
2019	301,451,045	37,382,930	62.9%	7.8%

The Board approved the investment transactions in each of the years under review, pursuant to ORS 733.740. As of December 31, 2019, sufficient assets were invested in amply secured obligations of the United States, the State of Oregon, or in FDIC insured cash deposits. The Plan was in compliance with ORS 733.580.

Effective May 1, 2011, the Plan entered into a custodial agreement with The Northern Trust Company. The agreement contained all of the relevant protections described in OAR 836-027-0200(4)(a) through (l).

Note 2 – Actuarial Reserves

Gary Iannone, ASA, MAAA, Vice President, Corporate Actuarial Services of UnitedHealthcare Insurance Company, prepared the reserve memorandum on behalf of the Plan.

Karen E. Elsom, FSA, MAAA, actuary with Lewis & Ellis, reviewed the reserves for the examination and assessed the Plan's group-level actuarial liabilities and actuarial assets as reported in the 2019 Annual Statement were reasonable and the methodology used was appropriate. Ms. Elsom relied upon the documents provided by the Plan’s management, including workpapers, financial statements, and miscellaneous reports. She also relied on the state examiners to verify the completeness and accuracy of the data received. She determined the following:

	<u>Exam Estimate</u>	<u>Annual Statement</u>
Claims Unpaid	\$ 121,295,554	\$ 148,853,965
Accrued Medical Incentive Pool and Bonus Payments	34,645,878	39,297,739
Unpaid Claims Adjustment Expenses (CAE)	962,468	962,468
Aggregate Health Policy Reserves	6,134,058	8,616,298
Aggregate health Claim Reserves	-	-
Reserve for Claim Interest	<u>30,650</u>	<u>30,650</u>
Total Actuarial Liabilities	<u>\$ 163,068,608</u>	<u>\$ 197,761,120</u>

The Plan's appointed actuary opined that the reserves for unpaid claims and CAE carried by the Plan as of December 31, 2019, were reasonable. The examination health actuary concurred that the reserves of the Plan were fairly stated as of December 31, 2019.
