Subject: Re: Centene acquisition of Trillium/Agate Form A

Thank you for your e mail. I will download it this weekend. As you probably know the Register Guard carried a story also.

I want to state clearly I oppose the acquisition as it is not in the best interest of the public. I believe it will result in the lowering of the quality of the health care in the counties effected. In reviewing Centene employee evaluations what stuck out was the complaint of poor training and being thrown into the pool.

Besides hearing platitudes about improved service I saw no evidence of specifics. I heard lots of bureaucratic buzz words but no substance.

As a customer of Trillium I am obviously interested in maintaining reliable services at a reasonable cost. Paying the head of Centene \$193 MILLION a year is evidence of that corporations true interest. The same holds true for their top executives.
