Subject: My comment on Centene purchase of Trillium

Dear Ryan,

I was shocked to see the article in the paper about the purchase of Trillium by Centene. I am vehemently opposed to this purchase. I am absolutely shocked that there is no law against it. A company from Delaware is willing to pay more than \$120 million to manage the healthcare for the poorest in our state? \$120 million dollars. Obviously they plan to make more money than that in the future *or they wouldn't buy it*. I don't want ANY company making billions in profit from **government money** meant for health care. Government money is not supposed to make people rich. If that's where government money is going, then we need to take a long hard look at this system.

Sincerely,

Mandy Baucum
