**Subject:** The Sale of Trillium

Mr. Keeling,

As a recipient of Trillium Health Care, I know how well it works for Oregonians. My concern is Oregon taxpayers' money making a profit for "out of state" groups, and not even a local group profit from low-income coverage. We have had quite enough of that here in Oregon! If taxpayers are paying for care of others, no one should become rich, especially "out of state" concerns. Sincerely Yours ... Mary L. Clark
