**Subject:** Cenetene aquisition

Dear Mr. Keeling-

I am writing to support the acquisition of trillium by Cenetene. The efficiency of scale the Cenetene will bring to running the patient load will be a positive influence for the Medicare patients covered by Trillium. A huge concern I thing needs to be patient confidentiality and security of patient records. Cenetene has a better ability to assure security. As a health care provider I strongly support the change.

Respectfully,

David Donielson
