**CODE NO.**            5645                    N/A - UT

**PHRASEOLOGY**    **CARPENTRY - DETACHED DWELLINGS**

Includes garages constructed in connection with the dwellings.

**SCOPE**

Where all of the carpentry work in connection with the construction of a private residence is performed by employees of the same contractor, all work including the construction and erection of the sill, rough framework, rough floor, studs, joists, rafters, roof deck, roof shingles, sidewall sheathing, siding, doors, wallboard installation, lathing, windows, stairs, finished flooring, cabinet installation and all interior wood trim is assignable to Code 5645. Carpentry repair or remodeling of private residences is also contemplated under this classification.

Code 5645 also applies to light gauge interior steel frame erection by carpentry contractors in connection with the construction of detached one or two family dwellings.
